

**FIFTH OFF-SITE CORRECTIVE ACTION PLAN
ASSESSMENT**

of

DADE CORRECTIONAL INSTITUTION

for the

Physical and Mental Health Survey
Conducted January 29-31, 2019

CMA STAFF

Lynne Babchuck, LCSW

Report Distributed: June 25, 2022

I. Overview

On January 29-31, 2019, the Correctional Medical Authority (CMA) conducted an on-site physical and mental health survey of Dade Correctional Institution (DADCI). The survey report was distributed on March 8, 2019. In April 2019, DADCI submitted and the CMA approved, the institutional corrective action plan (CAP) which outlined the efforts to be undertaken to address the findings of the DADCI survey. These efforts included in-service training, physical plant improvements, and the monitoring of applicable medical records for a period of no less than ninety days. Items II and III below describe the outcome of the CMA's evaluation of the institution's efforts to address the survey findings.

II. Physical Health Assessment Summary

All physical health findings are closed.

III. Mental Health Assessment Summary

A. Main Unit

The CAP closure files revealed sufficient evidence to determine that 0 of the 1 mental health findings were corrected. One mental health finding will remain open.

Finding	Closed	Open: Evaluation of records indicated an acceptable level of compliance was not met	Open: No episodes were available for review	Open: Institutional monitoring was inadequate	Open: Institutional monitoring indicated compliance was not met
<p>SHOS MH-2: In 4 records, the inmate was not observed at the frequency ordered by the clinician.</p>					X

IV. Conclusion

Physical Health-Main Unit

All physical health findings are closed.

Mental Health-Main Unit

MH-2 remains open.

Until appropriate corrective actions are undertaken by DADCI staff and the results of those corrections reviewed by the CMA, this CAP will remain open. As some of the necessary steps to correct findings require further institutional monitoring, closure may take as long as three months. Follow-up assessment by the CMA will most likely take place through an off-site evaluation.
